WORLD PEACE

Harry Johnson, '32

If world peace could be brought about, it would be the most wonderful thing since creation. Unfortunately, as conditions now exist, it is impossible. Human nature cannot be changed overnight. As long as there are people on this earth, there will be disagreements; disagreements are not infrequently terminated by war. We cannot deny the existence of intense and bitter feeling between the countries of Europe, and other parts of the world. Many countries are eagerly awaiting the signal or excuse to leap at the throat of their neighbor. In late years this feeling is being universally transferred into hatred toward the United States. Other countries bear no love for us, because we have grown to be a mighty world power, and our capitalists control industries in many parts of the world.

1912 was a year abundant with peace conferences and peace pledges. These conferences had scarcely adjourned before the world was engaged in the most destructive war of history. Since the war there has been a profusion of peace pacts, peace treaties, statements that good-will and brotherhood exist among nations, and the establishment of the League of Nations, and the World Court. However, a short time ago, in direct contradiction to all these protestations, Japan, one of the foremost advocates of peace, waged a destructive war in China, in total disregard of the Kellogg Pact, the Nine Power Treaty, the Four Power Treaty, and the League of Nations.

George Washington, in his Farewell Address, nearly one hundred fifty years ago, warned us to keep aloof from the politics of Europe. He was right. He may have said that a good many years ago, but it is just as good and true a policy today as it was then. Those same jealousies and petty rivalries still prevail in Europe today, as they did in the time of our first president. Why doesn't the United States Government recognize this, and ignore the meaningless "internationalism," that will allow more time and money to be devoted to the wants of her own people? America played the part of a big-hearted friend in need during the World War, is still paying the penalty, and will continue to do so for the next fifty years, at least. I trust we shall never do it again, but that the foreign policy of this government will be—*First, the American people; then, and not until then, Europe.*

LEAGUE MEETING

On May 18 the final League meeting of the season was held at Memorial High School, Middleboro, the home of the League President, Mr. Bissonnette. After our departmental meetings the business meeting was held. Surprisingly, we finished half an hour ahead of time. After strolling or riding about to pass time, we enjoyed a supper at the Congregational Church. Then we returned to the High School for community singing and listened to an address.

We were entertained by a clever playlet by the Middleboro girls and then danced until 10. We enjoyed the orchestra very much. I'm sure we all had a wonderful time and are very sorry that this meeting ended the year.

PROPHECY '32

This is Station B-U-N-K, Stetson High School, broadcasting the "Kiddies' Hour." Tonight we have arranged a unique program in which we shall endeavor to tell you about all the notables of the Class '32. Hope you'll like it.

Lately we haven't seen much of Veronica Gaynor and her inseparable pal. They always had a great many boy friends. We wonder why! Perhaps it is because they both have cars. You know, it has often been said that girls with cars can get plenty of boy friends.

We wonder if there is any truth in the rumor that Helen Brennan goes to Bryant and Stratton but not because of the educational benefits to be derived therefrom. Let us in on it, will you, Helen?

I know this will be hard for many to believe, but Bill Foley is now a great musician—yes—a great musician. Between all his good marks and his musical career, Bill is continually in the public eye. *Perhaps* I shouldn't say this, but some people are still talking about the time Bill went to a baseball game in a rumble seat. Nothing like solitude. Fo-give me, Bill. Fo-give me.

Do you know, a short time ago, there was a big banquet at Sargent College. One of the deans was "Skipper" Drummond, who, by the way, is now Miss Blanche. To the extreme astonishment of all who knew her when she attended S. H. S., she appeared in a flaming red gown and with her hair arranged becomingly in the long bob. Can't you just picture her, folks?

Have you heard about our old S. H. S. chauffeur, Warren Powers? He has been graduated and has won his cap and livery. He drives for our former schoolmate, Mildred Condon, who is now an accomplished actress, and, despite the fairly hot weather persists in wearing a warm coat.

Ah, I must let you in on this one! The other day, I was walking down the street,

and, looking around, saw Doris McLea and Agnes Sliney, together, as usual. Agnes had just returned from a trip to Erin. How's the blond gentleman, Doris? Oh!—they're married now and Doris is the proud mother of a fine little son.

We sincerely wish that we could get Senator Curran up here to say a few words to you, but Senator John is still rather bashful—however, not quite as much as he was in dear old S. H. S.

I say—do you people remember a small brunette from Tower Hill, who used to be very quiet? Yes, we mean Phyllis Lutton. By the way, Phyllis is still traveling down Mill Street. Since that street doesn't need repairing, I am convinced that "wonders will never cease."

My goodness! but there are many blondes in the Class of '32. One day, a short time ago, I was greeted by a blonde lady, whom, at first, I did not recognize. This personage was Emma Mann. Can you picture her with blonde hair after the straight coal-black tresses she always had? She also had a wave, which, she told me, was given her by Mazie Porter.

Which reminds me—I have an advertisement to make! On the first three days of the week, the prices of marcel, finger waves, shampoos, facials, etc., will be greatly reduced at Mazie's Beauty Salon, run by Mazie Porter. She has an office at the corner of Warren Street, over the Post Office.

Well, well, well, can *you* hear that music? That's our old friend Victor, better known as "Red," Pignatelli. Can he tickle the "ivories"! Wonder if he is giving lessons? Do you know that Victor is right in style now, with his red hair? Only the other day, I read a piece in the paper, which said that there would be 20 percent more redheads this summer because of the "depression." "Redheads" are supposed to be cheerful, you know—Vic's no exception! Here's to you, "Red."

When Marjorie Heney attended Stetson High, she certainly held out on us! Marj. has written a very delightful novel, which is bringing many royalties to her. Good luck and best wishes, Marjorie! You deserve them!

Can you feature this one? At a recent dance, many people were surprised to see Dorothy Eaton, entirely surrounded by boys. When Dorothy was in High School, she wouldn't even look at a boy. My, how times do change!

Sorry, folks—we'll have to interrupt our program now for the daily news flashes—This is the Town Crier of the Boston Daily Record, broadcasting the latest news of the day. Out of the sixty people applying for the job of postmaster in Randolph, Alan Maguire has been chosen because of his ability and sociability.

Lawrence Guidice, a very loyal subscriber to the Daily Record, has just been made president of the American League. Here's wishing you luck, Lawrence!

Marjorie Churchill, formerly of Randolph, Massachusetts, and a graduate of Stetson High School, has just been given the title of the "most temperamental" actress whom the stage has ever seen. Marjorie (prepare for a surprise, now, folks) can now finish a play without forgetting a line. Bravo!—Marjorie.

Here is a startling bit of news for the townspeople of Randolph. Francis Campbell has just completed an airplane trip around the world. When he arrives back in Randolph, there is to be a big reception held in his honor. At last, Francis has got his feet off of the ground.

This completes the broadcast of news, by the Town Crier of the Daily Record.

Well, folks, are you listening? Aha! more bright and shining faces bring back many memories of the good old days in S. H. S. We turned around and—you'll please excuse that noise, it was only William Patrick (better known as "Boola")

Mahoney, trying out his cheering squad from Sumner High. No-no, Boola hasn't gone squirrel himself; he's just buying nuts for Dido!

We now fix our attention on another blonde. This *isn't* just gossip for we were well informed. Betty Oldfield parks her Ford in the Elliot St. garage while she gives lessons in sophistication to undergraduates at the Ritz College. Betty started practicing early in life, or, to be exact, in her high school days.

I now bring you news of two of the town's business men—yes, we mean Edward Grover and Alonzo Madan. Even if they were quiet in school, they have succeeded in the line which they took up after leaving S. H. S.

Aha—We have several pedagogues now to tell about. First, we have Mary Dolan as an English teacher. We'd like to be taking English again.

Secondly, is Grace Ginnetty, who is a teacher of Biology. Wouldn't we love to be in Grace's classes—can't you imagine the fun we'd have?

We mustn't forget Miss Importance, though. Oh, pardon me, Ellen Cohen—'nuff said. Ellen is a teacher of that "Dead Language" which parades around under the name of Latin. Not that we don't like the teacher, but we are glad we aren't taking Latin any more. What a subject. But Ellen will go for in that. At least, she always did back in our dear old alma mater, Stetson High School.

Two more famous pupils of Stetson High School, who stuck to the ever-increasing population of Randolph, are the two Helens. Helen McCarty and Helen Porter. Helen McCarty is a teacher of elocution and is well liked by her pupils. Helen Porter is a gym teacher and well liked by everyone.

I now bring tidings of the Teed twins—Mary and Margaret. Here's something that will be hard for you to believe. They

are going "steady" with two brothers and are dressing differently so as not to be mistaken. What's the idea, Mary and Margaret?

Ernest Tucker and Lloyd French are two of the world's eminent chemists. They have invented a fluid which, they say, will take the kinks out of dogs' tails, and, wonderful to relate, they have never had an accident in any laboratory. Of course we are not referring to what happened in dear old S. H. S.

A demure little girl was Claire Powers. Her ambition was to be a success in life. Claire is now a renowned beauty specialist with her salons in New York—Paris and, of course, in Randolph. They Randolph girls have profited much by Claire's treatments.

At a recent banquet in Randolph, the townspeople were very fortunate in having present two big "butter and egg" men from the West, Harry Johnson and Earl McDonald. We think they came back just to prove that they *did* succeed after leaving Randolph.

At this point in our program, we would like very much to have the leading man of the S. H. S. Senior Class Play in 1932 say a few words. We regret to say, however, that it is impossible now because there is no way of raising the "mike." It would have to go up about four feet higher in order to have Stanley Nelson say a few words. Isn't there any remedy for tall people, Stan?

People have been wondering who that petite girl whom we saw driving in the blue Pontiac roadster is. I have just found out that it is Helen Jones. Helen is now a Mrs. and the car is her own. Oh! we thought it was someone else's—our mistake, Helen.

It's a bit early in the season to mention this, but recall last year's scrimmage for tickets and you'll realize the sense of it. If you want to see some of those "real

football" games in Brookville, put on under the able supervision of Russ Swallow, send your name to the agency now. What a team! and what a *big, strong coach!!*

Here's some news for you in Randolph! Don't worry any more about your Doctors—Lee Mather is to resume Doctor Stone's practice while Joe Shea is to take Doctor Black's place. You may have to increase the land down there on North Street, but you folks in Randolph certainly get the breaks. Yessir! the real ones!

We wonder how it is to be a beauty prize winner—can't you tell us, Peggy? Peggy, you know, won the title of Miss Randolph when she was a senior in Stetson High. Of course you know whom we are talking about—certainly—we mean Peggy Murphy. Peggy is still winning prizes.

John Franklin, the most mysterious man of the Class of '32, has become a second "Cal" Coolidge. He doesn't have any more to say than he ever did, but what he does say is worth listening to.

Does anyone require the services of a distinguished lawyer (we hope not, of course)? If you do, just drop a line to George Harris. He graduated from Boston Law School. Therefore, it is safe to employ him in times of necessity.

Those three attractive young ladies, Rita Nelson, Gladys Yates and Evelyn Landberg, now work in the same office. How fortunate. They can now still keep the name of the "three musketeers."

We have news of another actress, who started with a role in the Senior Play in 1932. None other than May ("Aurora") McGrory. May has gone far in her life work and has a permanent position at the Randolph Opera House. Good luck, May!

Does anyone in the radio audience remember that artist who continually decorated blackboards in S. H. S.? Yes, folks, we mean Francis Finch! Francis is a very well-known artist and does not go in for modernistic designs. Best wishes, Finch!

Just this minute, returns for the typing championship. Josephine Gaynor easily walked off with the honors while Dorothy McKenna and Elsie Hylen came first in the shorthand contests.

Arvid Anderson is an orchestra leader. If he made less noise with his feet, probably you could hear the music. They say that "Andy" is teaching Walter Smith to play the trumpet.

Florence Hoeg, now residing in Brookville, is happily married and living in a little white cottage. She has seen her dream come true.

We mustn't forget Eleanor Mulvey—who, by the way, is now Kakshtis. Remember when Mike used to dance every single dance with her and thus give the rest of the girls a break with the few remaining boys.

We wonder if Dan Daley is still cracking jokes to make Agnes Sliney laugh. Dan always was witty.

Is anyone looking for a "Lady Killer"? Say, girls, just take one look at Jerome Shea, the Town Sheik, and stop looking for your dream man. "Romeo" is the answer to any woman's prayers. Watch out for Jerome, the rest of you fellows. What is the strange power which Jerome has over women? Won't you tell us, Romeo?

This is Station B-U-N-K. You have been listening to a unique program of the Kiddies' Club. We sincerely hope we shall be able to have another such program in the near future. Good-night.

* * *

Mistress: "Didn't I tell you to notice when the soup boiled over?"

Cook: "Yes, Ma'am, it was a quarter past nine."

* * *

M. Churchill: "You got fooled on that diamond."

He: "I guess not. I know my onions."

M. Churchill: "Maybe—but not your karats."

TALK OF THE TOWN

a la Walter Winchell

Hello Everybody! Here we are again, Mr. and Mrs. America, boarding our magic carpet, but, as the gas is getting low we'll stay rather close to home this trip, and locate some of our teachers who, believe it or not, were once "Proud Seniors" like ourselves. For instance, who would believe our dignified principal, Mr. Powderly, to have been a Senior not so long ago—in 1924 to be exact, and our capable Chemistry teacher, Mr. Riley, in the same year. Looking ahead a year, there is our great Sophomore English teacher, Miss Mary Sullivan, in the Class of 1925. In 1926, two charming girl graduates destined to become two of our popular teachers, left Stetson High—Dorothy Gavin, and Mary Connors. O-Kay! Randolph.

Not everybody, however, returned to Stetson High to teach. Albert Murphy of the Class of 1924 is teaching in a neighboring town—Braintree. O-Kay! Braintree.

Now, to take a flying trip to a tree-shaded campus a short distance from here, to Wellesley College where we find Ester Mayo of the Class of 1926 teaching. O-Kay! Wellesley.

Take a deep breath everybody, and bundle up tight, we're headin' north! Way up to Montreal, Canada, where we'll see Gerald Smith of the Class of 1926 attending McGill Medical School! O-Kay! Montreal.

And now, with the wind whistling through our ears, let's sail back to Regis College, where we find Margaret Riley graduating as the President of her Class, and back to Bridgewater, where Margaret Sullivan is also graduating, from the Teachers College. Congratulations and best of luck, graduates! These girls are of the Class of 1928.

In the Class of 1929 we find graduates both in College and the business world. Vincent Kiernan is attending Boston Col-

lege, while William Dolan is working at S. S. Pierce and Co. In Boston we also find Virginia Hall, working at Jordan Marsh and Company's office. O-Kay! Boston.

Now, to head for the western part of the state! In Deerfield, Mass., we find Mabel Forrest, teaching in Deerfield High. O-Kay! Deerfield.

And now, this being the last time I shall write this, I bequeath the tradition of "Talk of the Town" to the coming Senior Class, wishing you all the best of luck, and hoping this will be—"continued in our next."

Yours truly,

Helen E. McCarty.

ROUND AND ABOUT

When the second edition of the "Oracle" was put out, the Exchange Editor sent magazines first to all the members in the League and then to schools as far as California. We hope that they reached there safely for we know that they were wrapped in neat packages. The Staff wishes all the school papers the best of luck!

We received a very fine edition of the "Unquity Echo" from Milton High School. Lucky is the school who does not need many advertisements to make the paper complete. Cuts, the spice of the paper, could be at the head of the literary department. We note that although you have notes on school news, you haven't many humorous personals. Your stories, however, are excellent.

From the great East Boston High School we received the "Noddler." As always, Boston magazines are always well organized.

The "Bulletin," a newspaper from Watertown High School, is one in which all the students of the said High School ought to be proud. There is just enough of everything in the paper. There is just one slight criticism. The jokes, which are taken from other magazines, should be original since the others probably have been read by all the other schools.

To the "Massachusetts Collegian," a story and jokes in a few editions would add to the interest of the paper.

In the Vermont Academy, the "Life" is truly a paper for Vermont Academy students. It is well worth the hard work which we feel was put in it.

The "Pringry Record," the Prep School of Elizabeth, New Jersey, ah, there is a paper of boys for boys!

Just before the "Oracle" went to press this time, we received the graduation issue of the "Chimes" from Scituate High School. It is an edition that the outgoing Seniors ought to remember all the rest of their days.

We thank you for your kind attention and now bid you—"Adios." *E. B. C.*, '32.

* * *

Tom Brennan: "Hey, did you hear about the Scotchman who painted his little boy's thumb so he'd think he had a peppermint stick?"

W. Robbins: "Ho! Ho! Ho! No, you must tell me about him sometime!"

SMILES

Ethel Holman, '34

A smile is worth more to its possessor than all the gold and silver in the world. Are you one who does not carry a smile? If you are that boy or girl, try to acquire the joyous looking ear-to-ear habit. Look on the bright side of everything and make up your mind that you are going to smile. If you go about with a long, gloomy face, you add much more to the unhappiness and gloom already in the world. Scatter sunshine and laughter wherever you go. No better resolution can be made than that you will smile all through the year. When things go wrong, smile. When things go right, smile. By smiling you can do more than a millionaire can do with all his money. By being happy yourself and wearing a smile, you can make everyone about you happy, too. Everyone loves and admires the cheerful, sunny smile. All doors are open to smiles because "smiles are contagious."

Customer: "When does your closing out sale open?"

Manager: "When my opening sale closes."

Polo Enthusiast: "Have you had any experience with polo ponies?"

Negro: "Me? Why say, boss, ah was not only born on a merry-go-round, but—"

Polo Enthusiast: "But what?"

Negro: "Mah great-great gran'pa was de valet for Marco Polo!"

BASEBALL

At Last!

Avon upset Stetson for the first time in a number of years. Avon's heavy hitters pounded Quinn out of the box, and Archer the relief man fared no better. Archer hit a single and double in four trips to bat. Final score: Avon 11—Stetson 2.

Shut Out

Fuller Abington's mound artist, allowed only four scattered hits, and Abington walked off with a 4-0 verdict. Quinn, Archer and Swallow contributed the hits. Abington managed to get six hits off Archer.

No Breaks!

Quinn pitched good ball in this game and deserved a better fate. Sharon was out-hit 5-3. Mulhall played a marvelous ball game. Final score: Sharon 3—Stetson 2.

About Time!

Frankie Archer, supported by Quinn's heavy hitting and Capt. Pignatelli's fielding and a hard playing team, won his first game of the year against Hanover. Final score: Stetson 6—Hanover 2.

What a Rally!

Going into the last of the ninth, Holbrook was leading 3-1. Three singles coupled with Sumner's errors, brought 3 runs across the plate and Hanley Quinn won his first victory of the season.

Too Bad!

Stetson's fifteen hits off 2 E. Bridgewater pitchers, weren't enough to win this game at Strong Field, E. Bridgewater. Aided by many passes issued by Quinn and Archer and nine bunched hits, E. Bridgewater scored 13 runs to Stetson's 9. Frank Archer and Bill Foley banged out seven of Randolph's fifteen hits, Archer getting five hits out of six times at bat.

Help!

Marshfield was no match for Stetson's high-powered hitting machine. Sixteen hits, aided by 5 Marshfield errors, netted 22 runs for Randolph. Final score: Stetson 22—Marshfield 4.

Nice Work, Gang!

Stetson bettered Rockland High in a close and interesting game. Ajeman, Rockland's mound ace, was removed in the first

inning. Archer allowed only 2 hits after the first inning. Final score: Stetson 7—Rockland 4.

Same Nemesis

Stetson handed Braintree this game, featured by ragged Randolph playing. Braintree was outhit, but wide-awake ball on the part of Braintree, won the game. Quinn and Mulhall shone at bat for Stetson. Final score: Braintree 8—Stetson 3.

Stetson 7—Marshfield 4

Stetson was always on its feet in this game. Quinn pitched good ball, but ragged support prevented the team from aggrandizing the score.

Summer Evens Up

Holbrook, aided by rain and sloppy fielding on the part of Randolph, atoned for their early season defeat. Stetson continued in their same rut, in regard to fielding. Archer and Swallow hit the ball hard. Final score: Holbrook 12—Stetson 7.

Whitewashed!

A downcast East Bridgewater ball team left Stetson field, with the sting of a 15-0 defeat. Having won nine straight games, they struck a snag in a totally different Randolph team. Only 4 hits were made off Archer, while Stetson collected 14 safeties off Gregorie and MacKenzie, including a triple by Archer and 2 doubles by Mulhall.

Hard Hitting!

Two home runs by Frankie Archer and 1 circuit clout by Quinn, those heavy artillery boys, brought a satisfying victory to Randolph. It was a game featured with home runs and pep by the Stetsonians. Our boys actually handed some runs to Abington, because of their erratic playing. Archer allowed nine scattered hits. Final score: Stetson 9—Abington 5.

Personnel of the Team

Frank Archer and Hanley Quinn handled all the pitching duties during the season, alternating in the field and on the

mound. Archer has 6 victories to his credit and Quinn has 3. These two versatile lads are leading the batting list, which is unusual for pitchers.

The initial sack has been well taken care of by Bill Foley, Arthur Connors and George Harris.

Tony Pignatelli, the "Rabbit" of the team, has held down the keystone sack with the skill of a veteran. He has kept the infield on their toes with his incessant chatter.

Johnny Mulhall has filled the gap at shortstop to perfection. His timely hitting and base stealing has aided Stetson in many a battle.

Raymond McGrory, our third sacker, has filled his position as only Ray can.

Much of the success of the team is due to Russell Swallow, the stocky catcher. His sure arm has caught many a player at second.

Captain Victor Pignatelli, our likeable left fielder, has played in true Pignatelli style. His fielding is perfect, which explains the reason why he is a good leader.

Roy Seaver has taken care of the right field position.

Joe Murphy, Ralph Cahoon, Jimmy Nolan, Robert O'Neil, are more than dependable reserve men.

Sport-O-Graphs

Congratulations! The "tag day" netted \$174.70.

Mr. Hines's show in the assembly hall swelled the athletic fund by \$8.83.

Bill Foley can hit, as was shown in the East Bridgewater game.

Baseball records meaning nothing to Stetson, especially where East Bridgewater is concerned.

All the boys on the team are of the opinion that Lee Mather is the finest scorer obtainable.

Frankie Archer, the "home run king."

Ruthie Tweed and her pal Lou Boyle, and Veronica Gaynor with her sidekick

"Lovey" Brennan, never miss a game.
That's the spirit, girls!!

Barbara Teed and Mary Derocher must
have "it." Ask the people who bought
their tags.

First base is a much sought after posi-
tion?????

Stetson has scored 76 runs in 13 games
to their opponents' total of 68.

Who says pitchers cannot hit? Quinn
leads the stickers with an average of .410.

Coach Powderly has a club which Ran-
dolph should be proud of.

William Patrick "Boolah" Mahoney,
our intrepid water boy, cheer leader and
animal trainer.

Cahoon, our Freshman right fielder, tries
to keep that average above .300.

Dave Fitzgerald, a "ball hock"—so say
the Marshfield custodians of the law.

Mulhall makes up for Joe Murphy's and
Ray McGrory's silence. And how!

Abington couldn't pile up the score in
baseball as they did in basketball.

The ball squad increased noticeably
when we were guests of Judge Fuchs at
Braves Field.

Prospects look bright for next year's ball
club.

HIGH SENIORS! PROUD SENIORS!

Veronica Gaynor, '32

High Seniors, proud Seniors! our days at
Stetson are done,

The hours have seemed so short and dear,
The day we sought has come;

Exams are o'er, freedom at our door, we
are all rejoicing,

The teachers say their last farewell and
their advice to us are voicing.

But oh, Exams! Exams! Exams!

That word we'll hear no more,
When on the day we Seniors go
To find another chore.

High Seniors, proud Seniors, pause now
and I'll review

What the year has held for us and what
we've all been through,

The Senior play by us was given and our
class rings we received,

The Junior Prom has come and gone,
The diplomas now are what we need.

High Seniors, dear Seniors,

This school has done its best!

It is quite true that in four years,
We have stood the test.

Proud Seniors, do not sigh, our school days
are almost through,

But we'll still have dear old Stetson and
her colors of white and blue,

We shall always stand up for her, even
though we're separated,

We, the proudest Seniors, who have ever
graduated.
